Enclosures:

No. dated 2nd June 1943

Sir,

Ad.S. Industries - Sericulture - Cocoon Control Order Markets - Staff and equipment - Proposals

---

In my letter No.1596-D/43 dated 1st June 1943, I have submitted proposals for locating cocoon markets at Kollegal, Mudigundam and Kamakerai and have indicated that in a short while it will be necessary to locate additional markets at Kunthur and Hanur. No suitable buildings are available for locating these markets at Kamakerai, Kunthur or Hanur and it is necessary to construct markets, proposals for which will be submitted as soon as sites have been selected and plans and estimates prepared. For the present private buildings have to be rented however inadequate and unsuitable they may be for the purpose. Each market has to be equipped with safes, beam scales tola and pound weights as also with tables, chairs, cocoon stands trays, lanterns etc. A list of articles is furnished in the detailed statement appended.

The markets at Kamakerai and Kunthur will be in

in charge of Market Officers of Grade I on the scale of Rs. 140-10/2-190 and the markets at Kollegal, Mudigundam and Hanur will be in charge of Market Officers of Grade II on the scale of Rs. 100-5/2-140 The Market Officers at Kunthur and Kamakerai will require the services of an Assistant Market Officer on Rs. 75-5/2-100. At each market there should be a lower division clerk on Rs.30-55, two attenders on Rs. 23 each, one watchman on Rs.12-17 ~~xxxx~~, and also a peon on Rs. 12-17 for each market office.

The coming into force of the Cocoon Control Order would throw considerable work on the office of the Sericultural Expert. It is necessary to strengthen it to enable it to ~~xxxxxxxxxx~~ cope with the additional work. A separate section within the office of the Sericultural Expert may be created to deal with control work. One upper division clerk on Rs. 70-100, one lower division clerk on Rs.30-55 with shorthand allowance of Rs.25 attached and a peon may be appointed.

A detailed statement of expenditure involved in the proposals, immediately on the establishment of ~~xxx~~ markets at Kollegal, Mudigundam and Kamakerai and subsequently of additional markets at Kunthur and Hanur, is appended. I request that very early orders may be issued.

Director of Industries and Commerce.

A.N.-2-6.

Part I, showing the particulars of expenditure involved in the proposals immediately on the establishment of markets at Kollegal, Mudigundam and Kamakerai.

Non-Recurring.

(i).	Appliances required for storing cocoons such as trays, stands et	Rs. 3,000

Letter No 12408 D/43-2 d 15.6.43

To The Secy to the Govt of India,
Dept of Supply, New Delhi.

Sir, Sub Industries - Sericulture - Madras
Silkworm Cocoon Control Scheme - Working of

I am directed to invite a reference to the copy of the proceedings of the Govt of Madras No 796 Dev. d 14.5.43 sent to you in respect of the Madras Silkworm Cocoon Control Scheme and to forward herewith a Copy of their proceedings No 1098 Dev d 14-6-43 relating to the special organisation set up in this province for

working
~~Administering~~ the Control Scheme ~~effectively~~.
It is also considered that buildings for the
Cocoon markets at three centres will
have to be constructed and that the expenditure
on that account will have to be sanctioned
as soon as plans and estimates ~~therefor~~
are ready. The Govt. of Madras are
of the view that the ~~Special~~ organisation
set up in this province for controlling the
price of cocoons in connection with
the filature silk expansion Scheme of
H.M Govt. should be borne by the Govt.
of India as has been done by them in

R. on p. 4 (P)

~~In the case of~~ ~~Connection with~~ a similar organisation in the Mysore State. I am directed to request that ~~the Govt of India may be pleased to agree to this and to issue~~ may be issued necessary instructions to the Accountant General, Madras, to debit the Govt of India with the expenditure sanctioned by the Govt of Madras in connection with the Cocoon Control Scheme in this province.

Sub: Sericulture - Madras Silkworm Cocoon Control Order - Temporary staff - Monthly report on the work of the staff.

The Madras Cocoon Control Order, 1943, was given effect from 15th June 43. Three markets were opened at Kollegal, Mudigundam and Kamakarai. Sri Kanchappa was appointed as Junior Market Officer, Kollegal and Sri R. Raghunatha Rao for Mudigundam. Sri R. Venkataraman, B.A. was appointed as Senior Market Officer and Abdul Aziz Sahib as Assistant Market Officer for Kamakarai cocoon market. As the cocoon markets at Hanur and Kunthur have not been opened, the appointment of the market officers has been deferred.

p.t.o.

I enclose for information of Government a copy of report on the working of the cocoon markets for the fortnight ended 30th June 1943.

Report on the working of the Cocoon markets in the Kollegal Taluk during the fortnight ending with the 30th June 1943.

--

The Madras Cocoon Control Order 1943 was given effect on the 15th June 1943 and three markets were opened at Kollegal, Mudigundam and Kamakarai. Transactions were conducted daily under the chairmanship of the Market Officers with the Committee. Mudigundam and Kamakarai markets transacted good business drawing the supply of all reeling cocoons produced in the villages allotted to them but Kollegal market has not yet resumed business in full as cocoons are just being marketed there. Every effort is being put forth to draw larger supply of cocoons to these markets.

I enclose herewith statements showing the details of transactions which have taken place in the cocoon markets. It will be observed that Mudigundam market has marketed 12,608 lbs. of cocoons during the fortnight with the daily average supply of 840.8 lbs. of cocoons at an average rate of Rs.0-13-6 per lb. of cocoons. 348 parties brought cocoons to the market.

At Kamakarai market 6502.8 lbs. of cocoons were brought for sale by 178 parties. The average daily supply was 928.14 lbs. of cocoons and the average price Rs.0-14-9 per lb. of cocoons.

p.t.o.

All the cocoons were purchased by the licensed filatures (the Kollegal Silk Filature, Mudigundam). The quality of the cocoons was fairly good and the rearers were advised to harvest their cocoons from the mountage only on the third day after mounting worms so that the worms may change to chrysalide. Though it is difficult in the initial stages to induce the rearers to bring the aged cocoons, they will in the course of a few months realise the need for doing so and follow these instructions.

The departmental staff were moving in all the sericultural villages compelling the rearers to take their cocoons to the market and threatening the persons resorting to illegal purchases and transport. Time has bee given till the 15th July when the present licences expire. Charkas establishments have stopped work in most of the villages except at Doddinduvadi. There is old stock of cocoons and cholera and small-pox is still prevailing. Reelers are not able to employ sufficient workmen and work to the full capacity.

It is expected that continuous, steady supply of cocoons will be received in the markets during the next fortnight.

"Fortnightly statement of cocoons marketed at the Cocoon market at Mudigundam, Kollegal taluk, during the fortnight ending with 30th June 1943.

Date of transaction.	Total quantity of cocoons (in lbs. & ozs.) marketed daily.	No. of parties transacted daily.	No. of villages of daily transactions	Average rate fixed per lb. in Rs. A. P.	Name of the licensed buyer.

PRESS NOTE NO. 152,
Dated, M a d r a s. the 3rd August 1942.

The scheme for the supply of yarn to handloom weavers drawn up by the Government of India will be brought into force in this Province with effect from the 15th of August 1942. Under the scheme the entire process of distribution from the Mill to the Consumer will be controlled through the machinery of licensed dealers and the sale of yarn by anybody other than a Mill or a licensed dealer will be strictly prohibited. With effect from 15th August 1942 no person other than a person acting on behalf of a cotton spinning Mill, sha sell, store for sale, or conduct any business in cotton yarn unless he has a license in the prescribed form issued by the Provincial Yarn Commissioner. No such license is necessary for a person selling, storing for sale, or carrying on business in cotton yarn spun by him or the members of his family.

Applications for license has to be made in the form prescribed (FORM A). For the convenience of merchants, applications forms have been printed and will be available at the offices of Deputy Tahsildars, Tahsildars and Collectors. If a printed form is not easily procurable, there is no objectio to sending the application in manuscript.

A draft T.M. to the NTD is submitted below for approval

(2) Before the commencement of refuelling, the aircraft, its fuel tanks and all metallic parts of the fuel dispensing apparatus shall be electrically connected and efficiently earthed.

(3) No smoking and no fire or other source of heat or light capable of igniting inflammable vapour shall be permitted within 100 feet of any aircraft while it is being or is about to be fuelled.

(4) All aircraft engines within the distance specified in sub-rule (3) shall be stopped so long as fuelling is in progress.

(5) No electric motor shall be used inside an aircraft during refuelling.

(6) During the fuelling of aircraft used for the conveyance of passengers, the passengers may be permitted to remain in the cabin of the machine provided that—

(i) there is no smoking in the aircraft;

(ii) an employee of the operator is stationed in the entrance to the passenger cabin and remains alert for any emergency until refuelling is completed; and

(iii) Electric switches controlling the riding lights of seaplanes or any other lights required by law to be exhibited on the aircraft while on the surface of the water, shall be left in the 'on' position.

(ii) Electric switches controlling interior lights in the aircraft which are necessary for safety may be left in the 'on' position.

(iii) Electric switches controlling petrol gauges which it is essential to operate may be operated or left in the 'on' position as may be required by the particular installation.

"25-B. *Housing of aircraft.*—(1) No aircraft containing dangerous petroleum in bulk in any of its tanks may be housed in a hangar unless such hangar is constructed of uninflammable material and is effectively and safely ventilated to the open air.

(2) Every such hanger shall be in charge of a competent person who shall be responsible for taking all proper precautions against fire and shall prevent unauthorized persons from having access to the building."

(By order of His Excellency the Governor)

PUBLIC WORKS DEPARTMENT

(General)

G.O. No. 2870, 16th December 1939

Aircraft—Indian Aircraft Rules, 1937—Further amendments—Notification of the Government of India—Republished.

Order—No. 2870, P.W. (General), dated 16th December 1939.

The following notification of the Government of India (Department of Communications) will be republished in the *Fort St. George Gazette* :—

Notification of the Government of India (Department of Communications), dated New Delhi, the 7th December 1939.

No. 1-A./15-39.—In exercise of the powers conferred by section 5 of the Indian Aircraft Act, 1934 (XXII of 1934), the Central Government is pleased to direct that the following further amendments shall be made in the Indian Aircraft Rules, 1937, namely :—

In the said rules—

I. In sub-rule (1) of rule 3, after the definition "Personnel," the following definition shall be inserted, namely :—

"'Petroleum in Bulk' means petroleum contained in a receptacle exceeding two hundred gallons in capacity."

II. After rule 25, the following rules shall be inserted, namely :—

"25-A. *Fuelling of aircraft.*—(1) No aircraft shall fill or replenish its fuel tanks from vehicles or vessels carrying petroleum in bulk unless from specially constructed tank vehicles of a type approved by the Chief Inspector of Explosives in India for this purpose or from barges licensed under

(iii) in the case of seaplanes a suitable boat is kept alongside to disembark the passengers in an emergency.

(7) Fuel tanks shall not be allowed to overflow except through special pipes incorporated in the system, which will prevent the fuel from running on to the aircraft surface, the ground or the water.

(8) All engine fuel cocks shall be closed while refuelling.

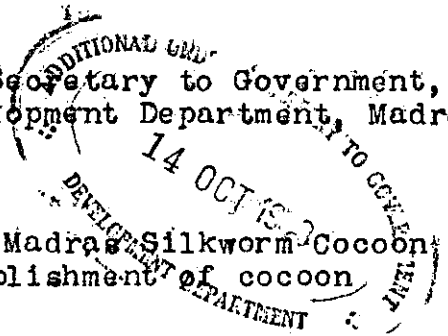
(9) Except as provided in this sub-rule all electric switches in the aircraft shall remain in the 'off' position during the operation of refuelling and all electric circuits other than those required or permitted to be in operation by this sub-rule shall be controlled by a master switch or switches which shall be in the 'off' position. The following electric switches may be operated or left in the 'on' position as the case may require, provided that the electric circuits involved are separate from all other electric circuits in the aircraft and that the switches and lights in operation are enclosed in gas-proof covers :

No.2308-D/43.

Office of the Director of Industries & Commerce, Madras, Dated 11th October 1943

From
A.Khaleeli,Esq., I.C.S.,
Director of Industries &
Commerce, Madras.

To
The Secretary to Government,
Development Department, Madras.



Sir,

Sub: Industries - Sericulture - Madras Silkworm Cocoon Control Order, 1943 - Establishment of cocoon market at Chilukavadi.-

Ref: G.O.No.1098 Ms., Development, dated 14-6-1943.

Government have in their order cited sanctioned the employment of two Senior and two Assistant Market Officers for the two first class markets at Kamakarai and Kunthur. During my inspection in June 1943, the Sericulturists represented to me that a cocoon market at Chilukavadi would be more centrally situated than one at Kunthur as the villages where intensive cocoon production is carried on are nearer Chilukavadi.

The Sericultural Expert has suggested the opening of the cocoon market at Chilukavadi instead of at Kunthur as originally proposed. His proposal was accepted by me Accordingly a market was opened at Chilukavadi on 21-9-43 and transactions are taking place there since then.

I request that Government may be pleased to approve my action and revise the G.O. quoted above.

Sir,

Sub: Industries - Sericulture - Madras Silkworm Cocoon Control Order 1943 - Monthly return for September '43

Ref: Government Memorandum No.16924 DI/43-1 dated 6th July 1943.

(P)

The following statement shows the quantity of cocoons brought to the nearest cocoon market for sale by the rearers, average daily supply, average price of cocoons per lb. and the basic price that was fixed for the month of September 1943.

Name of market.	2. Quantity of Cocoons brought to the nearest market for sale.	3. Number of rearers who brought their cocoons to the market.	4. Average daily supply.	5. Average price of cocoons per lb.	6. Basic price that was fixed for the month
	lbs. oz.		lbs. oz.	Rs. a. p.	
Kamakarai	18,412 12	397	634 15	0 14 8	
Mudigundem	10,179 4	201	407 3	0 14 10	
Kollegal	1,411 12	30	128 5	0 14 8	
Chilukwadi	4,199 4	90	419 15	0 15 10	
Hanur	Market opened on 5th October 1943.				
Barikai	500 8	12	83 5	1 0 7	

Hall ws Dev Dept The cocoon market at Kollegal was opened on 15th September and the market at Hanur on 5th October 1943.

2-11-43

If this motor takes I amps and its armature resistance is $R\ \Omega$

$$(E - IR) = 2P\phi \frac{Z}{2a} \times \frac{N}{60} \times 10^{-8}$$

$$= K_1 \times \phi N$$

$$\text{or } N = \frac{E - IR}{K_1 \phi}$$

For a given armature current IR is a constant

Then

$$N = \frac{E}{K_1 \phi} - \frac{K_2}{K_1 \phi}$$

$$= \frac{E}{K_1 \phi} - K_3 \quad \text{since } \phi = \text{constant}$$

Thus from the above equation it is seen that the speed N varies directly as E and inversely as ϕ

N is proportional to E and $1/\phi$

To Addl. 5.

Memo No 4395 D/43 - Id 28.7.43

Sub: Industries. Sericulture. Madras Silkworm Cocoon Control order, 1943 - Progress reports on Cocoon markets.

Ref from the DI&Sr, No 523 D3/43 d 19.7.43.

It is observed from the progress report submitted with the letter cited and the previous reports that the supplies of Cocoons to Berikai are negligible and that its continuance as a market seems hardly worthwhile. The DI&Sr is requested to report whether a regular market for Cocoons exists at Berikai, where it draws its supplies from, and whether, in his opinion, it is

it is necessary to continue his marks there

A regular market exists at Berikai and supplies of cocoons are got from surrounding villages. It is true that transactions in the cocoon market at Berikai are negligible. This is due to the fact that Hosur is mostly a seed cocoon area, very little reeling cocoons being produced. Under clause 6(a) of the Madras Silkworm Cocoon Control Order, 1943, "No Silkworm rearer shall sell or agree to sell cocoons for reeling to any person other than a licensed buyer and no buyer or other person shall purchase or agree to purchase cocoons for reeling except in cocoon markets established under the provisions of this order . . .". The small quantity of reeling cocoons produced in the Hosur area has to be sold by rearers in a market established for the purpose. So much so, as

As regards A on p 8 above, the DIGI has already reported

Separate file

verbally that there is widespread smuggling of cocoons from Mysore to

Madras of p/p above Mysore. The fall in figures compared to figures for November '45

Peak figures are usual and might perhaps be attributable to the prevailing season.

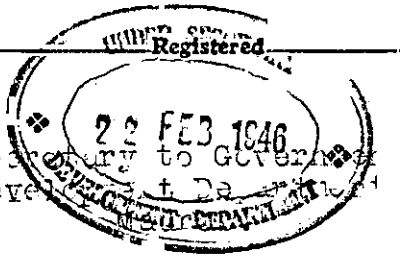
Received Registered

To
The Secretary to Government,
Development Department,



Enclosures:

No. 591/46, dated 21st February, 1946.

Sir,

Sub: Industries - Sericulture - Madras Silk Cocoon Control Order 1945 - Government Cocoon Markets - Monthly report of transactions for January 1946.

Ref: Government Memo. No.16924-D.1/45-1, Development, dated 6-7 1945.

M 13-14/46 (2)

The quantity of good cocoons brought to the market for sale by reelers, the average daily supply, the average price of cocoons per lb. and the basic price fixed for the month of January 1946 are tabulated in the statement appended:

Name of market.	Quantity of cocoons brought to the market	Average daily supply.	Average price of cocoons per lb.	Basic price fixed for the month

The statement excludes a quantity of 807 Lbs. - 15 ozs. of inferior quality cocoons valued at Rs.486-11-4 supplied to the filatures during the month.

The low transactions in the cocoon markets during the month are due to flow of cocoons to Mysore parts owing to high prices prevailing there and also to some extent due to adverse seasonal conditions. 1A

for Director of Industries & Commerce.

VR/21-2-46.

To A-S.

Submitted for perusal the report for the previous month is at pp 109-110 of (A). Regarding Airmail, the D.I&C has supplied proforma separately to increase the price of Cocoons & the matter is under consideration. 25/2/46. 25-2-46

The quantity of Cocoons & daily supplies have fallen considerably as in Ramanagaram & Harur

26/2/46

27/2/46

Sub: Establishment – Industries – Staff for working the Madras Silk Worm Control order – Proposals.

C.No 12405/43. Ref: – from the DIDe No. Nil d 2.6.43.

To Addl. H.S.

In his letter in the cf., the D.IDe has submitted proposals relating to the temporary Staff for working the Cocoon Control Scheme in Kollegal. and to the non recurring item of expdr involved under purchase of appliances, furniture for the temporary staff. It has also been indicated in the letter that plans and estimates for construction of buildings for markets in three centres will be submitted later. Though the DIDe intends to open markets under the Control order in 5 places, ultimately, the states that three markets will be opened at once. The proposals made in the letter cover the expenditure for all the 5 markets. As the opening of all the five markets will be necessary to facilitate the working of the Order, it is submitted that sanction may be accorded even now for the entire proposals.

The financial implications of the proposals summarised below.

Establishment, Contg. on Temp. Staff.	Rs. 19825
Non Recurring charges such as TA, Contingencies etc	Rs 2300

Estimated Cost of non recurring items such as

Appliances, furniture etc Rs 7400.

Total Rs ~~30,400~~ 29,525-

The amount involved is considerable and the Agreement between the Post of India and the Post of Madras regarding the Silk expansion Scheme merely states that the Madras Post will take such steps as may be necessary to control the price of Cocoons. It does not specify that the whole or any part of the expenditure will be borne by India. It does not appear that the need for the elaborate staff etc now proposed by the DTEC was envisaged by this Post at the time the agreement was reached. Reference is in this connection invited to the proceedings of the Mysore Post in this regard. The Post of India have specifically agreed to bear the cost on the special organisation set up in Mysore for controlling the price of Cocoons. Post of India may perhaps agree to the same procedure in this province also, if the question is taken up now with them. Pending the result of this correspondence with India, the scheme has to be set afoot from 15.6.43 and the expenditure has consequently to be met from provincial funds in the first instance. An order whether this will be

1 peon and 1 watchman for each centre may not be treated as the first instance. An NDC on 55-70 worked by one or Rs 90–100 for the three letters. This seniority of Engineer may be different.
In the absence of the several items of work to be done by the Special Staff, the scale of staff proposed by the DIC and the other items of expenditure suggested by him may be accepted

Subject to orders, a draft order is submitted for approval. A draft letter to Distt is also submitted for consideration. The case may be sent to Dist. Dept for acceptance of the draft order

5.6.43

To avoid delay I have spoken to the D.I.C. He says that the staff he has proposed is absolutely necessary and that it cannot be reduced without a serious loss of efficiency. The scheme of controlled prices is new and we cannot afford to take any risks. The staff proposed appears to be necessary according to the information available now but it is found to be excessive in actual practice can be reduced. The staff would be employed only when necessary. The amount of business to be transacted at all the markets except Howrah is likely to be very considerable because the number of markets is small and the area of control is large. The markets will have to deal with silk & weaver as well as charka establishments

The staff will have to work by turns we cannot prescribe office hours at least in the beginning. Two marketing officers are proposed for Kunur and Kamakkal where are 6 to 12 miles from the Filatures. One marketing officer is proposed for Kollegal and Mudigundam because these ~~places~~ markets are situated next to the Filatures and can be supervised to a certain extent by the Filature staff. One officer is proposed for Honnur (15 miles off) because it is a small market.

The proposals of the Dir. are reasonable & may be accepted. We cannot afford to spend much time over going into minor details because the Cocoon order is coming into force on the 15th of this month and we have to make very large purchases to lay in a stock of cocoons in the present season which will come to an end in about 6 months.

The draft order and the draft letter to the Govt. of India below may be accepted subject to the following remarks :-

(1) It is proposed to sanction an U.D. clerk on Rs. 70-5/2-85-7½/2-100 p.m. for the office of the Sericultural Expert. U.D. Clerks in the Industries Deptt. are in two grades, viz; I Grade on Rs. 70-100 and II Grade, Rs. 55-70. According to para 65 of the Madras Financial Code, when a new post is to be created in a cadre which is divided into grades, the pay of the post should ordinarily be that of the lowest grade. It seems unnecessary to create the U.D post in this case in the I Grade. This Deptt. may suggest that the post may be on the scale of Rs. 55-5/2-70 only.

(2) The Director has not explained the need for the grant of shorthand special pay. This may be cut out.

(3) The revised ~~standard~~ scale of pay for attenders is Rs. 19-30 This scale might be adopted instead of the fixed pay of Rs. 23/- If the posts are filled by existing attenders they will be eligible to continue on their present pay

(4) Watchmen are to be paid according to the prevailing market rates. It does not seem necessary to adopt the time scale of Rs. 12-17 for them. They may be allowed a pay of Rs. 12 or the prevailing market rate (less dearness allowance), whichever is less.

12408 DT

Circulation including H-E. should be obtained. Devt. should also obtain H-E authorization to a supplementary statement of expenditure in due course.

8.6.43 8.6.43 8.6.43

The estimate in para 2 above for recurring cost does not take into account dearness allowance. Allowing for dearness allowance, the estimate of recurring cost should be Rs. 53,835/- p.a. The total estimated cost, recurring & non-recurring, may be stated in the letter to India for their information. 8.6.43 Devt.

To Addl H.S.

Dev. Dept

Subject to orders on the suggestions of the Fin. Deptt contained in paragraph 1 of their notes overleaf, the draft order put up has been suitably modified

A B C & D as proposed above

* a clean copy will be put up before Q. on a date to be fixed by the Minister in charge

The draft order below explains the proposal in this case. The case may be circulated for approval of the proposals

ADDITIONAL UNDER SECRETARY TO GOVERNMENT DEVELOPMENT DEPARTMENT 6 JUN 1943

To Addl HS.

The S.O. re: market Staff has issued at Hr 5-7. of.

As regards the draft letter to India, but up below, reference is invited to this Secy's remarks at X on p 6 my

It is not possible to give full figures to India at present as the expenditure on buildings has not been ascertained yet.

For orders whether the draft letter as approved may issue now

Addl 15643 / 15643 We may give the figures indicated / The letter may issue as it is / may give the figures are available to S.I. as soon as they are available.

It is proposed to give them as soon as they become available to us.

To Stan. U.S.

A3's query on p.2 of 62 cf. A draft T.M. & the D.D & C.'s Submitted for approval

Mr 26.7.44

63 cf [Issued as T.M. d 27.7.44]

65-66 cf [From the D.D & C's T.M. of 31.7.44]

To Addl. U.S.

Please see A3's query on p 2 of 62 cf. and the D.D & C's reply on pp 5-6 of 65-66 cf. The difference in prices was due to the difference in quality of the Cocoons. (The term "Renditta" occurring in the T.M. at p 5 cf. denotes the Silk content of the Cocoons).

Mr 1/8/44

Var 1.8.44

The basic price referred to at 'A' on p 2 of 62 cf is for Cocoons 18/- Mds which will produce 1 lb raw Silk. This is the Standard suggested (The Govt of India) by 6 lbs Cocoons Cocoons producing 1 lb Silk they will [illegible]

Whilst fresh = higher price. The estimate of 'Standstill' is made
by the 'Market officer' by visual tests but this is given to the
producer to challenge it — in which case tests are carried out in
the factory on samples & arrive at a definite. Samples are also tested &
see that there is no 'over or under-estimating' even in cases
where no objection is raised. The system of 'Control' is working
satisfactorily & no producer has to have complained
